

Spring is in the Air

Dare we say it? Spring has finally arrived and we can say goodbye to the snow and look forward to the bright colours of spring; the gorgeous bright greens, the beautiful colours of spring flowers and of course, tranquil blues skies.

Take a deep breath, and soak in the scents of spring that we've been craving after a long winter. It's the time of year when you're ready for the fresh start, and we can do that for you in Perth.

Embrace spring in Perth where you'll walk along the gravel trail in Stewart Park and watch the Tay River make its fast break from winter. Afterwards, make your way onto Gore Street and you'll discover a range of

garden and interior décor. Bring the colors of spring into your home and enjoy the serenity and peace that these colours will inspire. Create that perfect space that is just yours to enjoy.

Mariposa Design Home Décor

Bright colours and fresh décor greet you as you enter Mariposa Design on Gore St. As you meander through the collection of pottery, linens, quilts, and décor handcrafted by local Artisans you are inspired to create a beautiful setting in your own home this spring.

Chiropractic Care and Longevity Center

While spring means gardening, gardening sometimes means unexpected aches and pains! Book a massage at the Chiropractic Care & Longevity Centre where you'll decompress and unwind after perfecting your garden oasis.

Remember that when you are “happily” doing your spring yard cleaning, there is an important mantra to remember, “Plant and rake without the ache, bend your knees to lift with ease.” Chiropractic Health and Longevity Center offers advice on chiropractic care,

stretching exercises and supplements for better bone/joint health.

Drop by the Chiropractic Health and Longevity Center to enter a ballot for the chance to win a basket of environmentally safe cleaning products, valued at over \$100. These are products that they are selling to commemorate April and Earth Day on April 22nd.

Visit the Perth BIA website for more information on their upcoming presentation about how to create a healthier home by Dr. Kathy Wickens, or their second workshop on how to make your own non-toxic cleaning products. <http://www.downtownperthbia.ca/bia-news>
